What Is Going On Tonight,

WAR STAMP SALES Reaching Gratifying Totals in Willi-

antio-City Over Its Quota.

Willimantic was lacking less than 1660 to pass the \$100,000 mark in the war savings stamp sales up to the first of May. The exact figures for the sales to date are \$99,436.22.

The sale of thrift and war savings stamps in this city has been very cratifying to the officials and shows the sentiment of Williamintic in regard to the Hun. Although other cities in Connecticut have sold more stamps

that in the last few days the sales have been extra large, showing that the children and people who cannot afford Liberty bonds are buying the stamps.

Willimantic has gone over the quota by \$1,00,22 up to May 1st and is now cut to give New London a "run for the money" in per capita sales.

The figures for the sales during April are as follows: Postoffice, \$27, 417.25; bank, \$1,732.75; total, \$29,180; thrift stamp books exchanged, \$3, ished. The flag is 4x6 feet. The other Windhams have also been given flags by the federal bank.
